**INTERVIEW SUMMARY**

SIR:

Applicants respectfully request entry of the following  
Interview Summary into the record of the above-captioned  
patent application.

INTERVIEW SUMMARY

On July 16, 2007, Examiner Monica Lewis returned the phone message of Applicants' representative, Catherine Ivers, Registration No. 59,565, to discuss this application.

The purpose of the discussion was to determine if objected to claim 10 of the Final Office Action dated June 6, 2007 would be allowable if rewritten to include the features of claim 1 without the features of intervening claims 2 to 5. The Examiner stated that she did not remember the particulars of that case and claim set. The Examiner reiterated that the standard policy is to include the features of intervening claims.

In summary, no agreement was reached on allowing objected to claim 10 to be rewritten to only include the features of claim 1. Furthermore, no references or other issues were discussed.

Respectfully submitted,

Catherine Ivers
